

Get Festiv Get Arty

Be part of the FESTIV ARTY party this September.

Ten big days of family fun with a street fair, talent show, writers' festival and a huge art competition.

Does your child sing, dance, play an instrument or have another performing arts talent? Make sure you show off their talents by entering them into the performing arts competition.

Schools in Collie are entering art displays, but your children can also enter their artworks in a huge variety of categories, including painting, mixed media, sculptures, photography and textiles. There are special categories in arts and crafts for youths aged up to 18 years of age.

Places are filling up fast for free workshops, including the street art installation for youths and a children's storybook workshop.

Don't forget to enter your own artwork or act - FESTIV ARTY is a party for all ages.
